

DKT ARTWORKS

Bespoke Decorative Finishes and Artworks

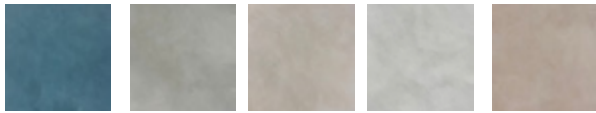

AS SEEN AT
LONDON DESIGN WEEK
2023

Agenda Paint Finish

Agenda is a range of hand-applied, water-based paint finishes developed for ease of specification. Paints are built up in thin layers to achieve subtle gradations of colour and tone. The range currently comprises four styles and a range of five colours in each style although bespoke colourways can be produced for specific projects.

ARTWORKS

Pulp Generation Specialist Finish

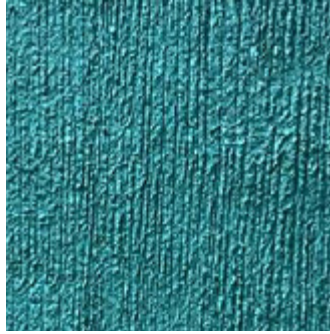

The Pulp Generation range of decorative finishes is a new and innovative way of using the traditional technique of papier mâché to create distinctive and beautiful feature walls and artworks.

Created by hand, using upcycled, shredded, and treated paper, Pulp Generation is fully sustainable, taking re-cycling to a whole new level. Durable and versatile, with outstanding acoustic dampening properties, Pulp Generation is a beautiful option when creating interior environments that will truly stand out.

RIBBED

Area/size	Rate ex-VAT*	Info/Details

ARTWORKS

Lamellae Bas-relief Artwork

This hand-carved bas relief artwork was created as a centrepiece for an elegant interior. Its organic texture and sinuosity are perfectly balanced, expressing a sense of movement and calm.

This artwork, as part of a limited edition, is available in a range of stone-like material, smooth and textured, as well as in metal finish for interior use. A stone-like material version suitable for exterior is also available.

Area/Size	Rate ex-VAT	Info/Details
2000 x 1000 mm	£3,750.00	Numbered edition of 20

Cosmos Verre Églomisé

This marble painted effect verre eglomise is the perfect option for a striking table top or decorative glass panel. The pattern is achieved through various back-painting process, giving a unique decorative effect.

MARBLE PAINTED FINISH

Area/Size	Rate ex-VAT	Info/Details
1000 x 500 mm	£750.00	Typical Application
Table Top, round 600 mm Ø	£650.00	Table on Display

Coral Openwork Sentinel Lamp

This elegant and weightless open sculpture complements the range of coral artworks already produced by DKT.

The Sentinel, beautifully elegant as a piece of sculpture, incorporates a special light fitting supplied by John Cullen Lighting, to create a range of tones from a soft warm glow, to a bright, cool white.

It comes with in-line dimmer control or with remote control options. The Sentinel is a striking adornment to many styles of interior architecture.

WHITE JESMONITE
